Current Affairs

Day to Day

INDEX :

- (A) Chronological Order
- (B) Current Affairs Sections

Questions and Related Facts
1 November, 2015 to 30 November, 2015

Preface

Dear readers, we have started edristi English edition as well since August, 2015. We are hopeful that it will help us to connect to the broader audience and amplify our personal bonding with each other.

While presenting Day-to-day current affairs, we are very cautious on choosing the right topics to make sure only those get the place which are useful for competitive exams perspective, not to increase unnecessary burden on the readers by putting useless materials. Secondly, we have also provided the reference links to ensure its credibility which is our foremost priority. You can always refer the links to validate its authenticity.

We will try to present the current affairs topics as quickly as possible but its authenticity is given higher priority over its turnaround time. Therefore it could happen that we publish the incident one or two days later in the website.

Our plan will be to publish our monthly PDF on very first day of every month with making appropriate modifications of day-to-day events. In general, the events happened till 28th day will be given place in the PDFs. The necessity of this is to ensure the contents factual authenticity.

Reader's satisfaction is our utmost priority so requesting you to provide your valuable feedback to us. We will warmly welcome your appreciation/criticism given to us. It will surely show us the right direction to improve the content quality. Hopefully the current affairs PDF (from 1st November to 30th November) will benefit our beloved readers.

Current affairs data will be useless if it couldn't originate any competitive exam questions. E-Dristi has been very successful in that direction. Almost all the questions from UPPCS and other examinations have been asked from our materials. You can verify that by matching the question papers and e-Dristi contents from yourselves.

Table of Contents

National

Bihar Election Result

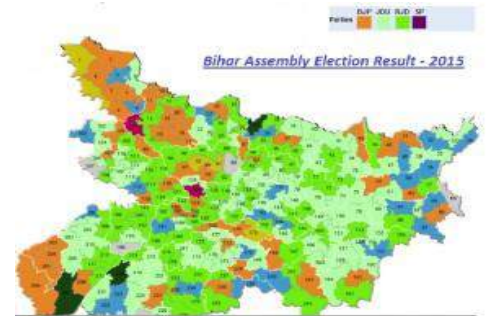

Question: How many seats in the Bihar assembly elections are reserved for Scheduled Tribes?

- (a) 2 (b) 3 (c) 4 (d) 5

Ans (a)

Related facts:

- According to the result announced by election commission on November 8, 2015, the grand alliance (RJD+JDU+INC) won 178 seats and the National Democratic Alliance (NDA) won 57 seats in the Bihar Assembly election.
- With this victory, Grand Alliance led by Nitish Kumar able to attain majority in Bihar election.
- Seat tally for Grand Alliance is: 80 seats for Rastriya Janta Dal (RJD), 71 seats for Janta Dal United (JDU) and 27 seats for Indian National Congress (INC).
- Seat tally of the BJP-led NDA is: 53 seats for BJP (Bhartiya Janta Party), 2 seats for Lok Jan Shakti Party (LJP), 2 seat for Rashtriya Lok Samta Party (RLSP) and 1 seat for Hindustani Awam Morcha (HAM).
- Communist Party of India (Marxist-Leninist) (Liberation) won 3 seats and 4 seats are won by Independent candidates.
- If we see the party wise vote share BJP got 24.4%, RJD 18.4% and JDU 16.8% of total votes.
- Independent candidates got 9.4%, INC 6.7% and LJP manage to get 4.8 % of the votes.
- RLSP got 2.6%, HAM 2.3%, BSP (Bahujan Samaj Party) 2.1%, [CPI(ML)(L)] 1.5% and Samajwadi Party (SP) 1% of total votes.
- For the first time Hyderabad-based All India Majlis-e-Ittehadul Muslimeen fought from 6 constituencies in Bihar and only received 0.2% of total votes.
- 2.5% of voters use the button NOTA (None Of The Above).
- It is to be noted that Bihar Assembly election notification was issued on 9 September 2015 because the term of the Legislative Assembly of Bihar is normally due to expire on 29-11-2015.
- The total numbers of Assembly constituencies in the states of Bihar are 243 and 38 seats reserved for the Scheduled castes and 2 for the scheduled tribes.
- Bihar election is completed in five phases in which 56.8% voters used their voting rights, total number of voters in Bihar is 66826658.
- The first phase of the elections held on October 12, 2015 in the 49 assembly constituencies.
- The second phase of the elections held on October 16, 2015 in the 32 assembly constituencies.
- The third phase of the elections held on October 28, 2015 in the 50 assembly constituencies.
- The fourth phase of the elections held on November 01, 2015 in the 55 assembly constituencies.
- The fifth and last phase of the elections held on October 05, 2015 in the 57 assembly constituencies.

Nitish Kumar sworn in as the 35th Bihar Chief Minister

Question: Nitish Kumar was administered oath of office and secrecy by Governor Ram Nath Kovind, Along with Nitish how many other leaders took the oath?

(a) 28 (b) 26 (c) 32 (d) 18

Ans (a)

Related facts:

- On 20 November 2015 for the 5th time Senior JD(U) leader Nitish Kumar was administered oath of office and secrecy by Governor Ram Nath Kovind as 35th Bihar Chief Minister.
- Sworn in ceremony held at Patna's historic Gandhi Maidan which was witnessed by opposition leaders from across the country.
- It should be noted that on 8 November 2015 in the result declared by election commission the Grand Alliance won 178 of the 243 seats in the Bihar assembly.
- With this the grand alliance led by Nitish Kumar was able to obtain an absolute majority.
- Nitish Kumar for the first time in year 2000, took over as Bihar Chief Minister but he had resigned from his post after 7 days (the term from 3-3-2000 to 10-3-2000).
- In 2005, for the second time and in 2010 for the third time, he had assumed the post of chief minister of state.
- In 2014 he resigned from his position at the time when his party (JDU) disappointed with its performance in Lok Sabha election.
- As result Jitan Ram Majhi took over as the chief minister of Bihar from 20.05.2014 to 22.02.2015.
- But for the 4th time Nitish kumar resumed the office of chief minister on 22 February 2015 as Manjhi had revolted against Mr. Kumar.
- In 2015 state election, Lalu Prasad Yadav led Rashtriya Janata Dal (RJD) has won 80 seats, the highest in the state.
- Lalu Yadav's son Tejashwi Yadav is appointed as Deputy Chief Minister of Bihar.

Recommendations of Seventh Central Pay Commission

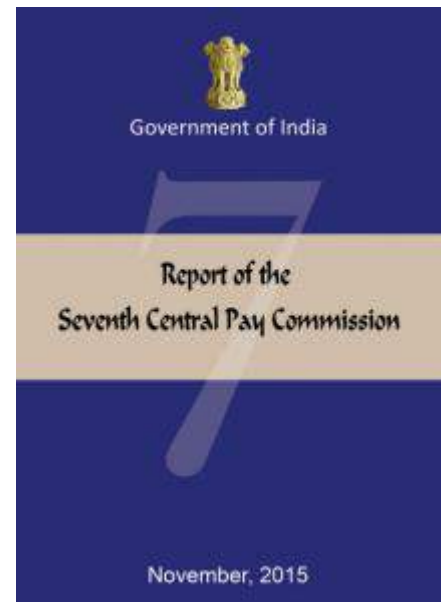

Question: Who is the chairman of 7th central pay commission?

- (a) H.L Dattu
- (b) H.L Nigam
- (c) A.K Mathur
- (d) R.K Damadiya

Ans (c)

Related facts:

- The **7th Central Pay Commission (CPC)** headed by Justice AK Mathur submitted its report on 19 November 2015 to the Union Finance Minister Arun Jaitley.
- The commission recommended 23.55 percent hike in pay and allowances of government employees.
- The recommended pay revision will come into effect from 1 January 2016.
- The minimum pay for government employees is recommended to be set at 18000 rupees per month.
- The maximum pay is recommended to be 225000 rupees per month for Apex Scale and 250000 per month for Cabinet Secretary and others presently at the same pay level.
- The recommended rate of annual increment for employees is 3 percent.
- The commission has recommended increase in pay by 16 percent, increase in allowances by 63 percent and increase in pension by 24 percent.
- One Rank One Pension proposed for civilian government employees on line of OROP for armed forces.
- Ceiling of gratuity enhanced from 10 lakh rupees to 20 lakh rupees and ceiling on gratuity will be raised by 25 percent.
- The commission recommends Cabinet Secretary's salary from current Rs 90,000 to Rs 2.50 lakh.
- The total monetary impact on the central government would be Rs 1.02 lakh crore.
- Around Rs 74,000 crore would be the impact on the Union Budget and Rs 28,000 crore on the Railway Budget.
- The total impact of the Commission's recommendations are expected to entail an increase of 0.65 percentage points in the ratio of expenditure on (Pay + Allowances + Pension) to GDP compared to 0.77 percent in case of VI CPC.
- The commission has recommended that Military Service Pay (MSP), which is a compensation for the various aspects of military service, will be admissible to the defence forces personnel only.

- The current MSP per month and the revised rates recommended are as follows:

		Present	Proposed
i.	Service Officers	₹ 6,000	₹ 15,500
ii.	Nursing Officers	₹ 4,200	₹ 10,800
iii.	JCO/ORs	₹ 2,000	₹ 5,200
iv.	Non Combatants (Enrolled) in the Air Force	₹ 1,000	₹ 3,600

- Short Service Commissioned Officers will be allowed to exit the Armed Forces at any point in time between 7 and 10 years of service.
- The Commission has recommended abolishing 52 allowances altogether. Another 36 allowances have been abolished as separate identities, but subsumed either in an existing allowance or in newly proposed allowances.
- The Commission is of the view that in case of death in the line of duty, the force personnel of CAPFs should be accorded martyr status, at par with the defence forces personnel.
- The Commission recommends that HRA be paid at the rate of 24 percent, 16 percent and 8 percent of the new Basic Pay for Class X, Y and Z cities respectively.
- It has recommended a number of steps to improve the functioning of NPS. It has also recommended establishment of a strong grievance redressal mechanism.
- The Commission has recommended a consolidated pay package of Rs 4,50,000 and Rs 4,00,000 per month for Chairpersons and Members respectively of select Regulatory bodies.
- The Commission has recommended introduction of the Performance Related Pay (PRP) for all categories of Central Government employees.

Compensation for Dropped calls

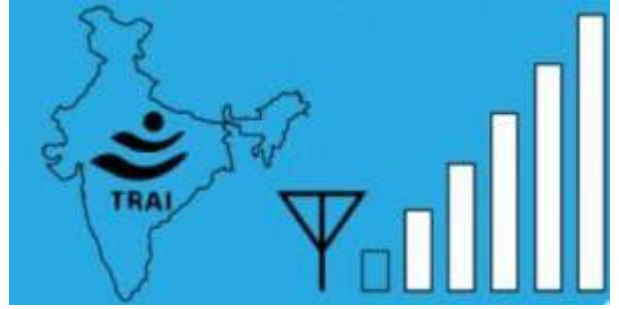

Question: TRAI (Telecom Regulatory Authority of India) mandates mobile operators to compensate the consumer in the event of dropped calls, it will be with effect from-

- (a) 01 November 2015 (b) 01 December 2015
(c) 01 January 2015 (d) 01 April 2015

Ans (c)

Related Facts:

- TRAI has set the standard limit of maximum 2% for call drop.
- In practice this standard being violated by many companies due to which consumers has to face inconvenience.
- To protect the interests of consumers, Under TRAI Telecom Regulatory Authority of India Act, 1997 section 11 subsection 1 of clause (b) of clause (i) and (v) under Section 36 issued ninth amendment to the Telecom Consumer Protection Regulations, 2012.
- These Regulations shall apply from January 1, 2016.
- Under this regulation telecom operators will compensate consumers by one rupee for call drops into customer Balance (Account).
- The compensation will be limited to three dropped calls in a particular day(from 00:00:00-23:59:59)
- TRAI mandates telecom operator to send a message through SMS or USSD to the calling customer within four hours of the occurrence of call drop and the details of amount credited in his account.
- In case of post-paid consumers the detail of the credit will be provided in the next bill.
- TRAI will monitor the steps taken by telecom operators to minimize the call drop and if founds necessary it will review after 6 months.

Protest and argument by Service providers:

- Service providers are opposing this regulation, saying root cause for call drop is not economic and technical but it is due to political / administrative factors.
- They find following factors being responsible for call drop:
 - Sealing the existing sites by corporation authorities
 - Concerns of consumers regarding harmful effect of electromagnetic radiation led to difficulty in getting the towers to new places and Spectrum related issues.
- The companies believe that financial compensation would be futile and led to economic loss because the major portion of the call drop is out of their control.
- Call drop can occur due to problem in mobile of customer or it may takes place due to the flaws in either of sending and receiving network. However, the payment will be made by service provider which will be prejudicial to his business interests.
- Companies are concern about the fact that for economic benefits consumer may deliberately execute call drop.
- For solving the problem of call drop companies are stressing on requirement of the solid and sustainable support from central and state government.
- They are demanding declaration such as allowing telecom towers on government buildings, administrative transparency and technical cooperation.

Global Hunger Index-2015

Question: In The Global Hunger Index (GHI) by the International Food Policy Research Institute (IFPRI) in October 2015 India is ranked –

- (a) 79th (b) 76th (c) 80th (d) 84th

Ans (c)

Related facts:

- On 12 October 2015 the International Food Policy Research Institute (IFPRI) released The Global Hunger Index-2015.
- Over the past year the index was prepared on the basis of three indicators Under Nourishment, Child Under Weight and Child Mortality Rate.
- In year 2015 GHI is based on four instead of three indicators that are Under Nourishment, Child Wasting, Child Stunting and child Mortality.
- This calculation results in GHI scores on a 100-point scale where 0 is the best score (no hunger) and 100 the worst.
- The theme of GHI-2015 report is Armed Conflict and the Challenge of Hunger: Is an End in Sight?
- According to GHI-2015 report, from 2000 to 2015 global hunger is fallen by 27%.
- In year 2000 GHI score was 29.2 and it improved to 21.7 in year 2015.
- Despite being improvement in the state of hunger the world's 79.5 crore people are still vulnerable to Starvation.
- The 2015 GHI has been calculated for 117 countries out of which 52 countries are facing serious or alarming levels of Hunger.
- In this year report, the lowest GHI score is given to Kuwait (score -5, first place) and two countries Saudi Arabia and Turkey, with 5.1 GHI scores have jointly bagged the second place.
- In global Hunger Index-2015 India is placed at 80th position while last year it was at 55th place.
- In GHI-2015 India found placed in serious category with score of 29.
- This year India got 15.2 points in under nourishment, 15.0 points in Child wasting, 38.8 points in Child stunting and 5.3 points in child mortality.
- Similar to the last year, This year also India has better condition as compared to Pakistan, (93rd place) While it has bad condition compared to Nepal (58th), Sri Lanka (69th) and Bangladesh (73rd) .
- According to the GHI-2015 report more than one in four children are affected by malnutrition-related stunting and 9 percent of children are affected by wasting.
- In terms of geographies GHI-2015 is: South Asia and Africa south of the Sahara continue to experience the highest levels of hunger, with 2015 GHI scores, at 32.2 and 29.4 respectively, putting them both in the "serious" category.
- In contrast, the GHI scores for East and Southeast Asia is 13.2, North Africa is 11.5 , Eastern Europe and some Independent states of commonwealth nations is 8.3 and Latin America and the Caribbean is 8.0 .

Question: International NGO Legatum Institute released "Legatum Prosperity Index-2015", it has ranked India at-

- (a) 101th position
- (b) 102nd position
- (c) 99th position
- (d) 109th position

Ans (c)

Related Facts:

- On 2 November 2015 International non-governmental organization Legatum Institute released 'Legatum Prosperity Index'.
- The index covered 142 countries in the world, which contribute for almost 96 percent of the overall world population and account for 99 percent of global GDP.
- This index has been issued annually since 2007, on the basis of prosperity of nations, economic growth and quality of life.
- A total of 142 countries in the Index are ranked based on their score.
- The overall rank in the index based on 89 different variables.
- The variables are then split into eight sub-indices. These are: Economy, Entrepreneurship & Opportunity, Governance, Education, Health, Safety & Security, Personal Freedom, Social Capital.
- With an overall score of 3.504 points in the index Norway topped for the seventh consecutive year.
- Then Switzerland with the Score -3.337 ranked Second, Denmark with the Score -3.272 ranked Third, New Zealand with the Score -3.246 ranked fourth and Sweden with the Score -3.224 is ranked fifth.
- The bottom five countries in the index are Central African Republic (ranked 142), Afghanistan (ranked 141), Haiti (ranked 140), Chad (ranked 139) and Burundi (ranked 138)

India's position:

- Legatum Prosperity Index, in 2015 ranked India at 99th position (Scored-0.801) while last year (LPI-2014) it was ranked 102.
- In this index neighboring countries of India are ranked as Sri Lanka (61), Nepal (89), Bangladesh (103), Pakistan (130) and Afghanistan (141).
- The index not included Bhutan, Myanmar and the Maldives.

• **Performance of India in sub indices:**

Safety & Security-114th (119th in 2014)

Entrepreneurship & Opportunity-94th (103rd in 2014)

Education-92nd (93rd in 2014)

Health-107th (109th in 2014)

Governance-53rd (56th in 2014)

Economy -61st (62nd in 2014)

Social capital-129(132nd in 2014)

In all the above areas indices indicate improvement for the India.

- In the area of individual (personal) freedom India ranked 79th (ranked 78th in 2014) indicates no improvement.

India's position among the BRICS countries:

- If we compare the Legatum Prosperity Index 2014, position of India is at the bottom among the BRICS countries.
- This year position of the BRICS countries are: China (52nd place), Brazil (54th place), Russia (58th place) and South Africa (75th place).

Russian plane crashes

Question: On 31 October Russian passenger plane carrying 224 passengers crashed in which country?

- (a) Syria
- (b) Egypt
- (c) Tunisia
- (d) Lebanon

Ans (b)

Related facts:

- Flight 7K9268 of Airbus A321 operated by Russian airline Kogalymavia crashed on 31 October 2015.
- It crashed in Egypt's Sinai Peninsula.
- The plane crashed while going from a tourist place named Sharm el-Sheikh to St Petersburg.
- It was flying at an altitude of about 31000 feet (4,400 meters) when it gets out of the reach of radar.
- The plane was carrying 224 people. Out of 224 people, 217 are passengers and 7 are crew members.

China abandons its One Child Policy

Question: Recently, China's famous "one child policy" has been terminated by the country, how many children have been granted permission by now?

- (a) Four
- (b) Two
- (c) Three
- (d) Voluntarily

Ans (b)

Related facts:

- On 29 October 2015, The ruling Communist Party of China (CPC) has announced to abandon its three decades-long one-child policy in this regard an official communiqué has been issued at the end of party's 4 day plenary session .
- With this decision China has allowed all citizens couples to have two babies.
- The one-child policy was introduced in 1979 in China. The decision was taken to curb the rapid population growth. Officially it began in 1980.
- Under this family planning policy families could have two children if their first-born is a daughter.
- In rural areas, in families where both parents are the only children can have an extra child.
- The one-child policy was further loosened in November 2013 after that couples are allowed to have two children if one of them is an only child.
- Now, Decision to abandon the one child policy is taken to overcome demographics problem, especially of gender and age ratio that the country is facing.

Recommendations of Seventh Central Pay Commission

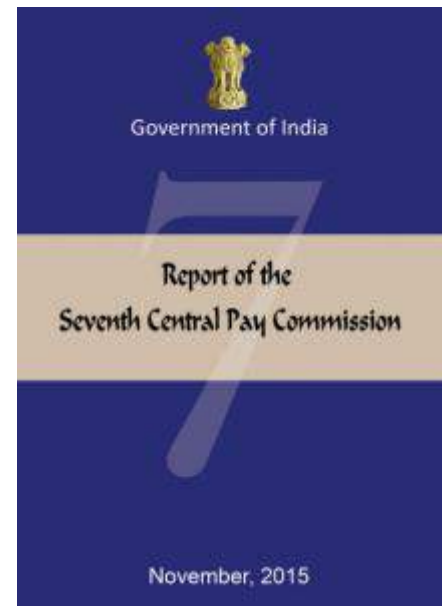

Question: Who is the chairman of 7th central pay commission?

- (a) H.L Dattu
- (b) H.L Nigam
- (c) A.K Mathur
- (d) R.K Damadiya

Ans (c)

Related facts:

- The **7th Central Pay Commission (CPC)** headed by Justice AK Mathur submitted its report on 19 November 2015 to the Union Finance Minister Arun Jaitley.
- The commission recommended 23.55 percent hike in pay and allowances of government employees.
- The recommended pay revision will come into effect from 1 January 2016.
- The minimum pay for government employees is recommended to be set at 18000 rupees per month.
- The maximum pay is recommended to be 225000 rupees per month for Apex Scale and 250000 per month for Cabinet Secretary and others presently at the same pay level.
- The recommended rate of annual increment for employees is 3 percent.
- The commission has recommended increase in pay by 16 percent, increase in allowances by 63 percent and increase in pension by 24 percent.
- One Rank One Pension proposed for civilian government employees on line of OROP for armed forces.
- Ceiling of gratuity enhanced from 10 lakh rupees to 20 lakh rupees and ceiling on gratuity will be raised by 25 percent.
- The commission recommends Cabinet Secretary's salary from current Rs 90,000 to Rs 2.50 lakh.
- The total monetary impact on the central government would be Rs 1.02 lakh crore.
- Around Rs 74,000 crore would be the impact on the Union Budget and Rs 28,000 crore on the Railway Budget.

- The total impact of the Commission's recommendations are expected to entail an increase of 0.65 percentage points in the ratio of expenditure on (Pay + Allowances + Pension) to GDP compared to 0.77 percent in case of VI CPC.

		Present	Proposed
i.	Service Officers	₹ 6,000	₹ 15,500
ii.	Nursing Officers	₹ 4,200	₹ 10,800
iii.	JCO/ORs	₹ 2,000	₹ 5,200
iv.	Non Combatants (Enrolled) in the Air Force	₹ 1,000	₹ 3,600

- The commission has recommended that Military Service Pay (MSP), which is a compensation for the various aspects of military service, will be admissible to the defence forces personnel only.
- The current MSP per month and the revised rates recommended are as follows:
- Short Service Commissioned Officers will be allowed to exit the Armed Forces at any point in time between 7 and 10 years of service.
- The Commission has recommended abolishing 52 allowances altogether. Another 36 allowances have been abolished as separate identities, but subsumed either in an existing allowance or in newly proposed allowances.
- The Commission is of the view that in case of death in the line of duty, the force personnel of CAPFs should be accorded martyr status, at par with the defence forces personnel.
- The Commission recommends that HRA be paid at the rate of 24 percent, 16 percent and 8 percent of the new Basic Pay for Class X, Y and Z cities respectively.
- It has recommended a number of steps to improve the functioning of NPS. It has also recommended establishment of a strong grievance redressal mechanism.
- The Commission has recommended a consolidated pay package of Rs 4,50,000 and Rs 4,00,000 per month for Chairpersons and Members respectively of select Regulatory bodies.
- The Commission has recommended introduction of the Performance Related Pay (PRP) for all categories of Central Government employees.

RBI issued Uniform Guidelines on Internet Banking for Cooperative Banks

Question: Recently RBI issued Uniform Guidelines for Cooperative banks on-

- (a) Provision for loans
- (b) Internet Banking
- (c) Industrial Development
- (d) To provide high interest rate

Ans (b)

Related facts:

- On 5 November 2015 RBI issued uniform guidelines on internet banking for Cooperative Banks.
- These guidelines are for all licensed cooperative banks including Urban Cooperative Banks (UCBs), State Cooperative Banks (StCBs) and Districts Co-operative Banks (DCBs).
- These guidelines relate to Internet Banking (View Only) facility and Internet Banking with Transaction facility.
- According to new guidelines all licensed StCBs, DCCBs and UCBs which have implemented Core Banking Solution (CBS) and migrated to Internet Protocol Version 6 (IPv6) may offer Internet Banking (View only) facility to their customers, without prior approval of RBI.
- In case, any service offered under 'view only' facility requires two-factor authentication or One Time Password (OTP), banks may adopt the security features related to internet banking as prescribed by RBI, as appropriate to such services.
- The cooperative banks providing above services should ensure that the facility is strictly for non-transactional services such as balance enquiry, balance viewing, account statement download, request for supply of cheque books, etc.
- All license holders Cooperative banks providing Internet banking with the transactions facility should be in a position to meet the following criteria:
 - (Credit to Risk Adequacy Ratio) CRAR of not less than 10 per cent.
 - Networth is Rs.50 crore or more as on March 31 of the immediate preceding financial year.
 - Gross Non-Performing Assets (NPAs) less than 7 % and Net NPAs not more than 3%.
 - The bank should have made a net profit in the immediate preceding financial year and overall, should have made net profit at least in three out of the preceding four financial years.

List of 50 Most Powerful Indian Women Entrepreneurs -2015

Question: Who tops Fortune India List of Most Powerful Women in Business?

- (a) Shikha Sharma
- (b) Arundhati Bhattacharya
- (c) Chanda Kochhar
- (d) Kiran Mazumdar

Ans (b)

Related facts:

- On November 8, 2015, the "Fortune India" with special reference to India released the list of the top 50 powerful women entrepreneurs.
- The list is topped the first female chairperson of State Bank Of India (SBI) Arundhati Bhattacharya.
- ICICI Bank's Chief Chanda Kochhar and Shikha Sharma chief of Axis Bank follow Ms Bhattacharya at the second and third positions, respectively.
- Hindistan Petroleum Corporation Limited Chairperson and Managing Director (MD), Nishi Vasudeva, has bagged the fourth position.
- While AZB & Partners Co-Founder Zia Mody and Aruna Jayanthi Chief Executive of Capgemini India shared the fifth rank.
- Moreover, there are only two debutantes in the Fortune India list of 50 most-powerful businesswomen for 2015.
- Meena Ganesh, MD and chief executive officer (CEO) at Portea and Jyoti Deshpande, Group MD and CEO at Eros International have made their debuts at 43rd and 50th positions, respectively.

Swachh Bharat Cess

Question: At what rate Union Government has decided to impose a Swachh Bharat Cess on all services presently liable to service tax?

- (a) 1%
- (b) 0.5%
- (c) 2%
- (d) 1.5%

Ans (b)

Related facts:

- Union Government decided to impose a Swachh Bharat Cess on all services presently liable to service tax.
- It is to be exclusively used for Swachh Bharat initiatives.
- Government has decided to impose, with effect from 15th November 2015, at the rate of 0.5% on all services, which are presently liable to service tax. It will be levied in addition to the 14 percent service tax that is in force now.
- In the General Budget, 2015-16, a provision was made for levying a Swachh Bharat Cess on all or any of the services, for the purposes of financing and promoting Swachh Bharat initiatives or for any other purpose relating thereto.
- Swachh Bharat Abhiyan (English: Clean India Mission) and abbreviated as SBA or SBM for Swachh Bharat Mission is a national cleanliness campaign by the Government of India, campaign was officially launched on 2 October 2014 on the occasion of Mahatma Gandhi's 145th birthday.

India successfully test-fires nuclear capable Agni-I missile

Ques: Nuclear capable Agni-I missile successfully test fired from Dr Abdul Kalam Wheeler Island. It is capable of hitting target at -

- (a) 700 Km
- (b) 800 Km
- (c) 1000 Km
- (d) 1500 km

Ans: a

Related facts:

- November 27, 2015 India successfully test-fired its indigenously developed nuclear capable surface-to-surface ballistic missile Agni-I from Dr Abdul Kalam Wheeler Island off the Odisha coast.
- Agni-I missile is capable of hitting a target at a distance of 700 km.
- The missile weighs around 12 tonnes and can carry both conventional and nuclear payload of about 1000 kg.
- It has already been inducted by Indian army.
- The last trial of Agni-I, conducted on September 11, 2014 from the same base, was also successful.

Prithvi II missile successfully test fired

Question: Indigenously developed nuclear capable Prithvi-II missile was successfully test-fired by the Indian Army is a-

- (a) Surface to air missile
- (b) Surface to surface
- (c) Air to air
- (d) Air to surface

Ans (b)

Related facts:

- On 26 November 2015, indigenously developed nuclear capable Prithvi-II surface-to-surface missile was successfully test-fired by the Indian Army.
- It has been developed under Integrated Guided Missile Development Program (IGMDP) and currently deployed by India's Strategic Forces Command (SFC)
- The missile test was carried out from a mobile launcher from launch complex-3 of the Integrated Test Range (ITR) at Chandipu, Odisha .
- It has been designed to operate with both liquid and solid fuel twine engines and 9 meter in length.
- It has strike range of 350 km.
- The missile is capable of carrying 500 kg to 1,000 kg of warheads.
- The missile was inducted into Indian armed forces in 2003.
- The last user trial of Prithvi-II was successfully conducted on February 19, 2015 from the same test range in Odisha.

Supersonic interceptor missile successfully test fired

Question: When did India successfully test-fired indigenously developed interceptor missile?

- (a) 22 November 2015
- (b) 21 November 2015
- (c) 15 November 2015
- (d) 18 November 2015

Ans (a)

Related facts:

- On 22 November 2015 indigenously developed supersonic interceptor missile was successfully test fired from the Abdul Kalam Island (Wheeler Island) a test range off the coast of Odisha.
- The interceptor is known as Advanced Air Defence (AAD) missile
- The major feature of the missile is that it is capable of destroying any incoming ballistic missile from the enemy.
- After getting signals from tracking radars, the interceptor, positioned at Abdul Kalam Island (Wheeler Island), roared through its trajectory to destroy the incoming missile mid-air, in an endo-atmospheric altitude .
- The interceptor is a 7.5-meter long single stage solid rocket propelled guided missile equipped with a navigation system.
- It is also equipped with a hi-tech computer and an electro-mechanical activator.

NASA to grow flowers in space

Question: Which flower has been chosen by NASA to start floriculture at International Space Station?

- (a) Rose
- (b) Marigold
- (c) Lily
- (d) Zinnia

Ans (d)

Related facts:

- NASA after growing lettuce is now set to grow flowers at the International Space Station.
- For this purpose NASA has chosen Zinnia, Zinnia is a genus of plants of the sunflower tribe within the daisy family.
- Controlled Red, yellow and green light from the LED bulbs help in maintaining the environmental conditions required for the plant will be ready.
- The Zinnias will grow for 60 days, during the growth cycle; the LED lights will be on for 10 hours and off for 14 hours in order to stimulate the plants to flower.
- It is the first time that a flowering crop will be grown on the orbiting laboratory.
- Growing the zinnia plants will help in advancing knowledge of how plants flower in the Veggie growth system, and will enable fruiting plants like tomatoes to be grown and eaten in space using Veggie as the in-orbit garden.
- Growing tomato plants on the space station is planned for 2017.
- NASA's this plant growth system is known by the name of "VEGGIE" This system is related to the providing nutritional food for astronauts.
- The Veggie system was developed by Orbital Technologies Corporation (ORBITEC) in Madison, Wisconsin, and tested at Kennedy before flight.
- According to the scientist-Growing a flowering crop is more challenging than growing a vegetative crop such as lettuce because Lighting and other environmental parameters are more critical."

Russia's newest satellite EKS Kosmos-2510(Tundra 11L) successfully launched

Question: On November 17, 2015 the Russian satellite named Kosmos -2510 was successfully launched. It is related with which of the following field?

- (a) Defence system
- (b) Metrology
- (c) Development of education
- (d) Agriculture

Ans (a)

- On 17 November 2015 Russia successfully launched an early warning satellite for its newest early warning system, named EKS or Integrated Space System.
- The satellite has been officially named Kosmos 2510 (Tundra 11L).
- The satellite was launched using Russian Soyuz-2.1b carrier rocket from Site 43/4 at the Plesetsk Cosmodrome, located in Northern Russia.
- It was delivered into a highly elliptical geosynchronous orbit, called a Tundra orbit.
- This new-generation satellite is designed to restore Moscow's capability to detect, track and identify worldwide missile launches from space.
- EKS (Edinaya Kosmicheskaya Sistema) is a Russian acronym that translates to integrated space system.
- EKS Cosmos -2510 is the first satellite among the series of 10 defence satellite to be launched for its newest early warning system.

Tianhe-2: World's powerful Supercomputer

Question: Recently, Tianhe-2 topped the list of world's top 500 supercomputers. It is developed by-

- (a) Japan
- (b) Singapore
- (c) China
- (d) France

Ans (c)

Related facts:

- On November 17, 2015 in Frankfurt, Germany Chinese supercomputer Tianhe-2 topped the list of top 500 super computer of the world.
- China's Tianhe-2 supercomputer has emerged as the world's most powerful supercomputer system for the sixth consecutive time.
- In June 2013 Tianhe -2 for the first time became the world's fastest computer systems.
- It is capable of performing calculations with processing speed of 33.86 petaflops per second (Pflop/s).
- Supercomputer Tianhe-2 has been developed by China's National University of Defense Technology.
- Supercomputer Titan of the US Department of Energy has been placed at second position. It has a performance of 17.59 Pflop/s.
- Supercomputer Sequoia of Tech giant IBM was placed at third position. It has processing speed of 17.17 Pflop/s.
- Supercomputers are used by governments and major research institutions.
- Supercomputers play an important role in the field of computational science, and are used for a wide range of computationally intensive tasks in various fields, including quantum mechanics, weather forecasting, climate research, oil and gas exploration, molecular modeling
- It is also used for physical simulations such as simulations of the early moments of the universe, airplane and spacecraft aerodynamics, the detonation of nuclear weapons, and nuclear fusion
- It occupies too much space, and there is greater power consumption.

Navy's Long Range Maritime Patrol Aircraft Dedicated to the Nation

Question: Name the Navy's Long Range Maritime Patrol Aircraft which is recently dedicated to the Nation.

- (a) Boeing P-8I
- (b) Boeing P-9I
- (c) Boeing P-6I
- (d) Boeing P-5I

Ans (a)

Related facts:

- Giving a boost to the firepower and arsenal of the Indian Armed Forces, the Defence Minister Shri Manohar Parrikar dedicated the Boeing P-8I (Poseidon Eight India) Long Range Maritime Patrol aircraft to the nation.
- This Long Range Maritime Patrol aircraft is dedicated to nation during an impressive ceremony held at INS Rajali, Arakkonam, India's premiere Naval Air Station in southern India, about 70 Km off Chennai.
- The P-8I aircraft is equipped for long range anti submarine warfare, anti -surface warfare, intelligence, surveillance.
- The P-8I aircraft is a variant of the P-8A Poseidon aircraft that Boeing developed as a replacement for the US Navy's ageing P-3 fleet.
- Indian Navy became the first international customer for the P-8 aircraft.
- India signed a nearly US \$ 2.1 billion contract on 01 Jan 2009 for a total of eight aircraft.
- The first aircraft arrived in India on the 15 May 2013 and as of date; all eight aircraft have been inducted into the Indian Navy.
- Recently the P-8I aircraft had achieved a number of operational milestones which includes participation in the search effort for Malaysian Airlines Flight MH 370, the first successful firing of air launched Harpoon Block II missile in the world, torpedo firing and active participation in major naval exercises.

India's Communication Satellite Launched Successfully

Question: Recently which Indian Communication satellite was launched successfully from French Guiana on 11 November 2015?

- (a) GSAT-16
- (b) GSAT-14
- (c) GSAT-10
- (d) GSAT-15

Ans (d)

Related facts:

- GSAT-15, India's communication satellite, was launched successfully by the European Ariane 5 VA-227 launch Vehicle on November 11, 2015.
- GSAT-15 carries communication transponders in Ku-band as well as a GPS Aided GEO Augmented Navigation (GAGAN) payload operating in L1 and L5 bands.
- The 3,164-kg spacecraft will replace the ageing Insat-3A and 4B spacecraft that are in the same orbital slot when they expire.
- After a flight of 43 minutes and 24 seconds, GSAT-15 separated from the Ariane 5 upper stage in an elliptical Geosynchronous Transfer Orbit (GTO)
- Geosynchronous Transfer Orbit (GTO) will have a perigee (nearest point to Earth) of 250 km and an apogee (farthest point to Earth) of 35,819 km, inclined at an angle of 3.9 degree to the equator.
- ISRO's Master Control Facility (MCF) at Hassan in Karnataka took over the command and control of GSAT-15 immediately after its separation from the launch vehicle.
- It carries a suite of 24 transponders used mainly VSAT (VSAT) operators and will help in Direct-to-Home (DTH) broadcasting.

The successful test of Agni-IV missile

Ques: Regarding Agni-IV Missile, which of the following statements is/are correct?

1. The surface to surface Agni-IV missile has a strike range of 3,000 km.
2. It is notable that Agni-IV missile is two stage missile with a capability of carrying of 1000 kilogram warheads.
3. This was the fifth trial of the Agni IV missile.
4. Agni-IV missile was tested successfully by Indian Air Force.

(a) Only 1

(b) 2 & 3

(c) 2 & 4

(d) 1 & 3

Ans: b

Related facts:

- Nuclear weapons capable strategic missile Agni-IV was successfully test fired from the Wheeler Island off Odisha coast on November 9, 2015.
- The surface to surface Agni-IV missile has a strike range of 4,000 km.
- The Army's Strategic Forces Command, which is entrusted with the task of handling strategic weapons, launched Agni IV missile under the supervision of Defence Research and Development Organization's scientists.
- Very high accuracy Ring Laser Gyro based Inertial Navigation System (RINS) and the most modern and accurate Micro Navigation System (MINS) ensured the missile to reach its target point with very high accuracy.
- It is notable that Agni-IV missile is two staged missile with a capability of carrying of 1000 kilogram warheads.
- Agni-IV mission included fibre reinforced plastic (FRP) or composite casing for the second stage.
- The FRP reduced the missile's weight, enabling it to carry more propellants and to have a better range than Agni-II's 2,000 km.
- Important to know that on December 2, 2014 the fourth test of the Agni-IV missile was successfully concluded.

Global Tuberculosis Report 2015

Question: Which of the following statement is /are correct according to the Global Tuberculosis Report 2015 published by World Health Organisation?

(1) In 2014 about 1.5 million TB deaths are caused due to Tuberculosis.

(2) It is estimated that about 9.6 million people are suffering from TB worldwide in 2014.

Choose the correct option:

- (a) Only (1) is correct
- (b) Only (2) is correct
- (c) Both (1) and (2) are correct
- (d) Both (1) and (2) are incorrect

Ans (c)

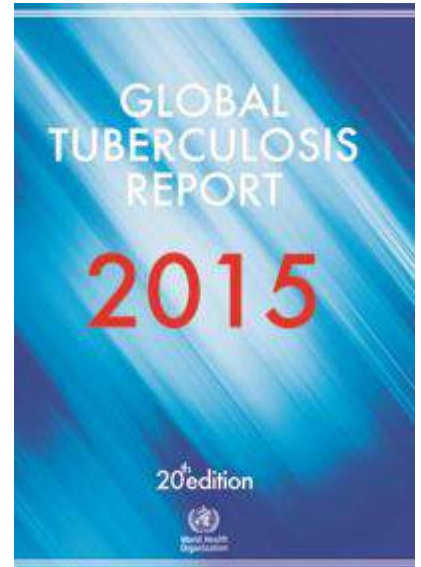

Related facts:

- World Health Organization (WHO) on 28 October 2015 released Global Tuberculosis (TB) Report 2015 in Washington.
- **Important points of the report are mentioned below:**
- By effective diagnosis and treatment of TB, 43 million lives saved between 2000 and 2015.
- In 2014 about 1.5 million deaths are caused due to Tuberculosis.
- This includes 8 lakh 90 thousands male, 4 lakh 80 thousands female and 1 lakh 40 thousands children.
- This is to be noted that Tuberculosis and HIV are two most important causes of deaths across the world.
- It is estimated that 9.6 million people were prone to TB worldwide in 2014.
- This includes 4.5 million males, 3.2 million females and 1 million children.
- In 2014 about 6 million new TB cases were reported to the World Health Organization.
- In 2014, 4 lakh 80 thousand people are found to have multidrug-resistant TB (MDR-TB)
- World Health Assembly in May 2014 adopted the goal to end the global TB epidemic by implementing the “End TB Strategy” to reduce the number of TB deaths by 90% by 2030 compared with 2015 levels.
- Of the 9.6 million new TB cases in 2014, 58% were in the South-East Asia and Western Pacific regions. The African Region had 28% of the world’s cases in 2014.
- India, Indonesia and China had the largest number of cases: 23%, 10% and 10% of the global total, respectively.
- In 2014, an estimated 190 000 people died of MDR-TB.
- Globally, an estimated 3.3% of new TB cases and 20% of previously treated cases have MDR-TB
- Estimated 69% of countries recommended using Xpert MTB/RIF as the initial diagnostic test for people at risk of drug-resistant TB.
- In 2014 an estimated 1.2 million (12%) of the 9.6 million people who developed TB worldwide were HIV-positive.

Successful Test of BRAHMOS missile

Question: Recently, India's BRAHMOS supersonic cruise missile is tested from which warship?

- (a) INS Arihant
- (b) INS Kolkata
- (c) INS Kochi
- (d) INS Sindhuratna

Ans (c)

Related facts:

- On 1 November 2015, Supersonic Cruise missile BRAHMOS test fired from Navy's newest stealth destroyer INS Kochi successfully.
- This is to be noted that Indian navy commissioned INS Kochi on 30 September 2015.
- This is overall 49th trial of the BRAHMOS missile.
- Before this, in February 2015 BRAHMOS was successfully tested from INS Kolkata.
- This missile has a strike-range of 290 kms.
- This missile has the ability to attack with the speed between 2.8 to 3.0 Mach.
- The BRAHMOS missile is one of the world's fastest cruise missiles.
- It is capable of being launched from land, sea (warship) and air against sea and land targets.
- BRAHMOS supersonic cruise missile designed and developed by BRAHMOS Aerospace, a joint venture of India (DRDO- Defence Research and Development Organisation) and Russia (NPO Mashinostroyeniya)
- Missile's name has been derived from the names of two rivers, India's Brahmaputra River and Russia's Moskva River.

WHO released report on reducing global health risks

Question: Which of the following statement is/are correct according to WHO report on Reducing Global Health Risks?

- (1) Black carbon, ozone and methane are often described as short-lived climate pollutants.
- (2) Short-lived climate pollutants (SLCPs) are responsible for a significant proportion of air-pollution related deaths and diseases that kill some 7 million people per year.
- (3) Global deployment of 16 SLCP reduction measures would save an average of 3.5 million lives annually by 2030.

- (a) All (1), (2) and (3) are correct.
- (b) Only (1) and (2) are correct.
- (c) Only (2) and (3) are correct.
- (d) Only (1) and (3) are correct.

Ans (a)

Related facts:

- The World Health Organization (WHO) on 22 October 2015 released a report titled Reducing global health risks through mitigation of short-lived climate pollutants.
- The report was produced in collaboration of the Climate and Clean Air Coalition to Reduce Short-Lived Climate Pollutants.
- According to the report, by reducing short lived climate pollutants, reduction in illness and death can be brought.
- Also it will contribute to food security, improve diets and increase physical activity.
- The report spotlights the urgent need to reduce short-lived climate pollutants like black carbon, ozone, methane and carbon dioxide that contribute to climate change. This is to be noted that black carbon, methane, and ozone are often called as Short-lived climate pollutants (SLCPs).
- Black carbon, ozone and methane are responsible for generating intense global warming effect.
- Also it led to more than 7 million deaths linked to air pollution each year.
- Importantly, Global deployment of 16 SLCP reduction measures would save an average of 3.5 million lives annually by 2030.

Top actions for health and climate benefits:

- (i) Reducing vehicle emissions by implementing higher emissions and efficiency standards.
- (ii) Providing cleaner and more efficient stove and fuel alternatives to the approximately 2.8 billion low-income households.
- (iii) Encouraging high and middle-income populations to increase their consumption of nutritious plant-based foods.
- (iv) Policies and investments that prioritize dedicated rapid transit such as buses and trains and foster safe pedestrian and cycle networks.
- It is to be noted that WHO mentioned more than 20 available and affordable measures to mitigate short-lived climate pollutants.
- This includes vehicle emissions standards, capturing landfill gas, switching from fossil fuels to renewable, reducing food waste and improving household cooking fuels.

The Climate and Clean Air Coalition:

- It is a voluntary global partnership of governments, intergovernmental organizations, businesses, scientific institutions and civil society.
- This is committed to take concrete, substantial action to reduce Short Lived Climate Pollutants.
- This Coalition will work through collaborative initiatives to raise awareness, mobilize resources and lead transformative actions in key emitting sectors.

Letter of Award (L.O.A) for Setting up Electric Locomotive Factory at Madhepura

Question: Recently Indian Railways had issued Letter of Award (L.O.A) for Setting up Electric Locomotive Factory at Madhepura, Bihar to M/S Alstom Manufacturing India Limited. Alstom belongs to which country?

- (a) France
- (b) Britain
- (c) America
- (d) Germany

Ans (a)

Related facts:

- On 10 November 2015 Indian Railways has issued the Letter of Award (L.O.A.) for setting up of Electric Locomotive Factory (ELF) at Madhepura in Bihar to a France-based company M/s Alstom Manufacturing India Limited.
- For manufacturing factory a joint venture (JV) company between Ministry of Railways and M/s Alstom Manufacturing India Limited will be incorporated.
- The factory will ensure supply of modern electric locomotives that are of high horse power (12,000 hp) engines.
- This new factory will supply 800 high horse power (12000 hp) electric locomotives over a period of 11 years.
- These locomotives will cost about Rs. 19,000 crore.
- These locomotives are planned for use in the Eastern Dedicated Freight Corridor and also for Pan India operations for hauling freight trains of 6000 tonnes at 100 kmph.
- It will also help in improving the average speed of such trains to around 50-60 kmph over the existing 25-30 kmph.
- Indian railways will hold 26 per cent equity in JV Company subject to a maximum of Rs 100 crore.
- The project would bring in an investment of Rs 1300 crore for setting of the factory and also the maintenance facilities.
- A joint venture company between railways and Alstom will now be incorporated and agreement between the two will be signed within the next 30 days .
- The project requires only five electric locomotives to be imported. The balance 795 locomotives are to be manufactured in India.
- The contract provides suitable economic drivers which would ensure complete indigenization of the manufacturing which in turn will lead to substantial development of ancillary manufacturing units.
- The project would also lead to development of the region where the factory would be set up and also those where the maintenance facilities would be set up.
- The project would bring in substantial development in these areas.
- It will also lead to generation of direct and indirect employment.
- This project will provide significant boost to the Make in India initiatives.

Conference

First Meeting of the Indo-European Water Forum

Ques- Recently where the first meeting of the Indo-European Water Forum held?

- (a) London
- (b) New Delhi
- (c) Kolkata
- (d) Amsterdam

Ans - (b)

Related facts:-

- First meeting of the Indo-European Water Forum was held on November 23-24, 2015 at New Delhi.
- It is jointly organized by National Water Mission, Ministry of Water Resources, River Development and Ganga Rejuvenation and the Environment Directorate-General of the European Commission.
- The main purpose of the meeting to discuss key issues in water resources management in India as well as the experiences of implementation of European Water Policy.
- It is notable that the agricultural sector is currently India's largest user of water. Increasing competition for water among industry, agriculture, energy, domestic use and the environment has highlighted the importance of managing water on a river basin, and multi- sectoral basis in a sustainable manner.
- In the context of above complex water challenges, the European Water Policy, centered on management at the river basin scale and integrated water management, presents a viable model for cooperation between the EU and India at the national and state level.
- The Meeting had been attended by Diplomats, Senior officers from the Central Ministries, State Govt's and UT's, World bank, UNDP, ADB, World Business Council for Sustainable Development, FICCI, CII , researchers, practitioners ,academicians and the Director General of Environment Directorate-General of the European Commission Mr Daniel Calleja Crespo .

Word of the Year

Question: “Emoji” word is formed from the combination of the words in which two languages?

- (a) Japanese+ French
- (b) English+ Japanese
- (c) Hindi+ Japanese
- (d) Chinese+ English

Ans (b)

Related facts:

- On 16 November 2015 Oxford Dictionaries’ chose an emoji, or pictograph known as “Face with Tears of Joy.” As the Word of the Year for 2015.
- This is a pictograph instead of an actual word which expresses the emotion of Crying laughing or tear of joy.
- This was chosen because it was the most used emoji globally in 2015.
- The word emoji is formed from the combination of English and Japanese language words, (e ‘picture’ + moji ‘letter’ character).
- Emoji have been used since the late 1990s although it has been found in English since 1997.
- An emoji is a small digital image or icon used to express an idea or emotion in electronic communication.
- For the first time ever, the Oxford Dictionaries Word of the Year is a pictograph instead of a word.
- In year 2014 it was “vape” that emerged victorious as Word of the Year.
